

Business Ethics and Law

2009-2010

The Behavior of Law

2nd revised edition

Author: Donald Black

ISBN: 9780121026523

Publication date: 28 May 1980

Format: Hardback

Dimensions: 152 x 229 mm

Pages: 192

Price: GBP £34.95/EUR €48.95/USD: \$59.95

Synopsis

This book contains a number of propositions about the variation of law across social space. The purpose of these propositions is to predict and explain this variation, and so to contribute to a scientific theory of law. Theory of this kind has practical applications, and also applications to the study of other social life.

Volume 7

Insurance Ethics for a More Ethical World

Edited by: Patrick Flanagan, Patrick Primeaux and William Ferguson

ISBN: 9780762313334

Publication date: 5 February 2007

Format: Hardback

Dimensions: 156 x 234 mm

Pages: 292

Price: GBP £62.95/EUR €87.95/USD \$111.95

Synopsis

This series explores the central and unique role of organizational ethics in creating and sustaining a flourishing, pluralistic, free enterprise economy. It examines how profit seeking and not-for-profit organizations can be conceived and designed to satisfy legitimate human needs in an ethical and meaningful way. The authors submit rigorous research studies from a wide variety of academic perspectives including: business management, philosophy, sociology, psychology, religion, accounting, finance, and marketing. It focuses on ethical issues in the insurance industry and includes a variety of disciplines with authors from over 30 countries. The papers were selected from the best presentations at the 12th Annual International Conference Promoting Business Ethics, held October 2005 in Manhattan.

Law & Economics: Towards Social Justice

Edited by: Dana Gold

ISBN: 9781848553347

Publication date: 8 May 2009

Imprint: JAI

Format: Hardback

Dimensions: 152 x 229 mm

Pages: 328

Price: GBP £74.95/EUR €113.95/USD \$144.95

Synopsis

This volume explores the relationship between law and economics principles and the promotion of social justice. By social justice, we mean a vision of society that embraces more than traditional economic efficiency. Such a vision might include, for example, a reduction of subordination and discrimination based on race, religion, gender, sexual orientation, age, disability or class; increased wealth dispersion throughout all sectors of society; a safe and healthy environment; worker rights; and a flourishing political democracy. The volume chapters here fall into four main categories: Assumptions of Law & Economics; Law & Economics: Implications of Behavioralism; Economics and Corporate Governance: Finding the Holes; and Gender, Class and Race: Implications of and Alternatives to the Dominant Economic Paradigm. In addition, most of the chapters invoke the lens of corporate law theory or the corporate context as part of their analysis of the intersection of economics and social justice.

The Social Organization of Law

2nd revised edition

Edited by: M.P. Baumgartner

ISBN: 9780120831708

Publication date: 27 October 1998

Format: Paperback

Dimensions: 152 x 229 mm

Pages: 435

Price: GBP £44.95/EUR €66.95/USD \$82.95

Synopsis

This new edition of *The Social Organization of Law* uses the five-part organization of the first edition – social stratification, social morphology, culture, organization, and other social control – in presenting a brand new set of readings. These readings represent the great variety of work done in the sociology of law, a field dedicated to the study of the influence of social factors on legal behavior pioneered by Donald Black. Some of the readings look at the operation of the justice systems, others at various stages of the legal process. Only two had appeared in print when the first edition of *The Social Organization of Law* was published, and neither was included in it. This second edition, published 25 years after the first, thus testifies to the recently created wealth of ideas, while introducing a new generation to the concepts that have already proved so fruitful. It presents all new essays while retaining the organizational structure of the first edition. It illustrates new advances in jurisprudential, moral, and practical applications of legal sociology and covers the contemporary USA as well as other countries and historical periods.

Business Ethics and Law

Emerald publishes journals offering comprehensive coverage in the field of corporate social responsibility (CSR), corporate governance and business in society. This collection provides insight into relevant topics such as environmental responsibilities, economy and finance. Emerald's Business Ethics and Law eJournal Subject Collection aims to cultivate and share knowledge and ideas on how organizations can enhance their commitment to ethics and law in business.
